

EVALUATION FORM FOR COMPUTER APPLICATIONS (CA-2)

MULTIMEDIA APPLICATION (CA-2)

Entries in this classification should be designed to solve a problem using a multimedia-based application. The students work will be judged on complexity of problem, application documentation, application purpose, application presentation, innovativeness, application interface appearance, and user friendliness. The instructions for multimedia-based application start-up and operation must be typed and graphically illustrated. In addition to a printed manual, students are expected to provide necessary help information within the multimedia-based application itself. Suggested multimedia-based software include Autodesk's 3D Studio, Macromedia Multimedia Director, Macromedia Multimedia Programming, etc. All coding must be viewable and ready for testing and evaluation. All entries must provide a computer for application operation and evaluation.
