

APPENDIX F

ACKNOWLEDGEMENTS

The new Five Year Consolidated Plan Strategy was assembled by the St. Louis Planning and Urban Design Agency and its many interns, working in collaboration with the Community Development Administration and the Mayor's Office. However, the strategy could not have been prepared without the collaboration and energy of a great many people. These individuals are listed below in terms of their major area of focus. Interns who worked on the report are listed in Appendix B. To those inadvertently omitted from this list, we apologize. To all who contributed, we express a great deal of thanks.
