June 1, 2007

Dear Association Member:

The St. Louis North Business Association is working to revive the Badenfest. We are reserving Hickey Park on Saturday, August 11, to hold this community event from 2 to 5 PM. There will be food, music, and a variety of activities for the neighborhood youth. We will also provide an information booth for members to distribute flyers, brochures, or coupons to those in attendance. We'd like you to be involved.

Being so close to a new school year, we'd like to provide school supplies for children in attendance. Some of the area businesses and association members are conducting a school supply drive in anticipation of this event. If you would like your business to participate, I have enclosed flyers (full sheet to be posted and half sheets for bulletin inserts) that you may copy to display or distribute to your employees. The types of supplies we're collecting are listed in these flyers. If people would like to make monetary contributions towards the cost of supplies, that would be appreciated. Please conclude your supply drive by August 1 so that we have time to purchase any additional supplies and put together the packs for distribution.

We could also use some volunteers on the day of the event to help with things like set-up/tear-down, supervising activities, and being on hand to ensure the event runs smoothly. If your company will be conducting a supply drive or has people who would like to be involved with Badenfest, please give me a call at 314-381-5676. I'd love to hear from you.

Sincerely,

Scott Jewell  
President

P.S. We are still seeking volunteers to fill a couple of vacant board positions by this fall. Let me know if you're interested. Our next board meeting will be on Thursday, June 21 at 8:30 AM at Cristo's Restaurant.
