

## **RESIDENTIAL DISABLED PARKING PROGRAM FOR PEOPLE WITH DISABILITIES**

An application, obtained from the Office on the Disabled, must be completed by the applicant and their doctor. The application must be signed by the property owner. The applicant must own a vehicle or someone who lives with them full-time must own a vehicle. The vehicle is required to be registered at the address where the space is requested.

The applicant must have a valid Missouri placard or license plate for people with disabilities or a Disabled Veterans' license plate. The applicant cannot have off-street parking and must use the space five (5) days and five (5) nights per week.

The following must be provided with the completed application:

- Current license plate registration. This is the pink slip from the Department of Revenue for renewal or new license plates.
- Current disabled placard receipt **OR** current disabled license plate registration from the Department of Revenue.

After the application is verified and processed, the Street Inspector will check out the location for your space. If approved, signs will be put up within two (2) - four (4) weeks. Space holders will be sent a set of permits to put on their vehicle.

**Note: Only the vehicle with the permits & placard/license plate can park in this space. If another vehicle uses this space, the illegally parked vehicle may receive a seventy-five (\$75.00) dollar ticket. Please call 911 to report illegal vehicles in a space. Space holders must respond to violations such as street cleaning, no parking signs, snow route, and emergency evacuation by police or fire department, etc. Failure to follow the rules of the program will result in removal of the parking space.**

Sincerely,

Angela D. Taylor  
Disabled Services Representative
