

Francis G. Slay, *Mayor*

Neighborhood Stabilization Team

Room 418, City Hall
Tucker & Market Streets
St. Louis, Missouri 63103

NUISANCE REPORTING

Calling the police **EACH AND EVERY TIME** you observe bad behavior is critical:

The Public Safety Nuisance Review Committee prioritizes its work load based on the number of calls and the types of reported behavior.

1. Dial 911 for an emergency or 231-1212 for a non-emergency.
2. Say **“THIS IS A NUISANCE PROPERTY”** and give the address of the property you are reporting - not your own address. (Calls to an entire block, and/or a street corner/intersection will not be counted towards the Nuisance Procedure.)
3. Be prepared to give specifics about What, Who, When, and Where.
4. Leave a call back number so the police can contact you if they need more information, **YOU HAVE THE RIGHT TO REQUEST THAT THE POLICE NOT COME TO YOUR DOOR.** If you are calling from a cell phone **BE SURE** you give the operator your cell phone number. If you don't leave a number the call will not count towards the Nuisance Procedure.
5. Tell your Alderman and Neighborhood Stabilization Officer so the property will be documented as a nuisance.

To help you report the incident more effectively the following information is taken directly from, and is in the same order of the form the police operators fill out when you call.

Date of occurrence: _____

Direction of Escape: on foot _____ in a vehicle _____

(going) North _____ South _____ East _____ West _____

On (street) _____

From (where s/he started) _____

Description:
